## COMMITTEES TO CONFER TONIGHT

**Solicitors in Chamber of Commerce  
Campaign to Meet at The  
First National Bank.**

### ADVANCE PLEDGES ARE MADE

**Many of the Workers Distribute  
Subscription Cards Before  
General Drive Friday.**

Although the general drive for pledges of \$5,000 for the employment of a full time secretary for the Chamber of Commerce will not be waged before tomorrow, many of the solicitors are working in advance and report that their progress is as satisfactory as they had anticipated. The members of the canvassing committees have found the great majority of people here much interested in the new plan and a number of substantial pledges have already been made. The largest pledge, it is stated, is \$300 a year for three years. Others ranging from \$100 to \$300 have been received.

Claude Carter and C. D. Billings, members of a general committee, arranged today for a meeting of the members of the canvassing committee at the First National Bank at 7:30 o'clock tonight. At the conference tonight the subscriptions which have been filed in advance of the general drive will be tabulated and the general plans for the work tomorrow will be discussed. It is desired that every member of these committees attend the conference.

Another meeting will be held Friday night at which time the final reports will be filed and tabulated. The officers of the Chamber of Commerce had originally planned for a big mass meeting tomorrow night with a banquet but later it was decided that Friday night would be an inopportune time for such a gathering. The banquet will likely be arranged at an early date and someone will be brought here to give an address on community building.

It is the belief of the several canvassing committees today that the goal of \$5,000 will be reached tomorrow. The purpose of the campaign is generally understood and the public is enthusiastic over the program. It is the prevailing impression that the Chamber of Commerce would become a much more aggressive organization if it were placed on a different basis and the people here are anxious to give the new plan a trial.

## PROHIBITION AGENTS LEAVE IRON COUNTY, MICH.

**Forty Armed Deputies Who Arrived  
Tuesday Withdrawn—Evidence  
Collected.**

By United Press

Iron River, Mich., Feb. 26—The bloodless battlefield of Iron River valley stood deserted by the "prohibition expeditionary forces" under Major A. V. Dalrymple.

With an "army" of forty armed deputies and Michigan state police, Dalrymple arrived here Tuesday night to stamp out the "rum rebellion," and arrest city and county officials alleged to have interfered with the work of Leo J. Grove, prohibition agent. After destroying eight barrels of wine, released to him by county officials, Dalrymple prepared to withdraw under instructions from Prohibition Commissioner Kramer at Washington.

Daybreak today found Major Dalrymple enroute to Washington. He announced he would present evidence procured here of alleged liquor violations to prohibition officials and the department of justice.

## TWELVE DELEGATES

**County's Apportionment to the The  
Republican State Convention.**

The Republican central committee today announced that Jackson county would be entitled to send twelve delegates to the Republican state convention. The apportionment is made on the basis of the number of votes cast in the last election for Secretary of state.

## COUNCIL ADOPTS TWO ORDINANCES

**All Houses Must be Renumbered in  
Accordance With New Plan—  
Street Names Changed.**

### SEWER COMMITTEE REPORT

**Recommended That Bid of Indianap-  
olis Firm Be Accepted—  
Other Business.**

Two ordinances, one providing for the changing of names of certain streets and the other ordering all business houses and residences in the city to be renumbered, were passed on third reading at the regular session of the city council Wednesday evening. Before voting on the ordinance changing the names of the streets a motion was passed to strike out the clause "That all that part of High street that lies north of the park in the Third ward in the city of Seymour be changed to Park avenue." It was pointed out by members of the council that the action would interfere with free mail delivery service inasmuch as there were no houses on the south side of the proposed Park avenue. The two squares will be a part of Tipton street. The ordinance as adopted provides that Branch street be changed to Third street, Elnora street to Eighth street, Bill street to Park street, Booth street to Pershing street, Meyers street to Circle street, Central avenue to Elm street, Jeffersonville avenue to Indianapolis avenue and Louisville avenue to Oak street.

The ordinance to re-number business houses and residences provides that on all streets extending north and south the numbers shall begin at the Baltimore & Ohio railroad and on all streets extending east and west through the city the numbers shall begin at the Pennsylvania railroad. All that part of the city that

## ELSNER EXPECTED TO GET INTO RACE

**Friends of Local Attorney Believe He  
Will Seek Democratic Nomin-  
ation for Congress.**

### LINCOLN DIXON WITHDRAWS

**Report From North Vernon States  
He Has Declined to Get Into  
Primary in May.**

Edward P. Elsner, of this city, will be a candidate for the Democratic nomination for congressman from the Fourth Indiana district, according to the confident belief of his close friends here today. Mr. Elsner said that he had no definite statement to make at this time, but it is known that he is seriously considering the race and it is expected that official announcement of his candidacy will be made late this week or the first of next. Mr. Elsner, it is said, desires to confer with several Democratic leaders in the Fourth district, before he authorizes official announcement of his candidacy.

Announcement that Mr. Elsner will in all likelihood become a candidate for the Democratic nomination in the May primary came simultaneously with a report that Lincoln Dixon, former representative from this district, would not enter the Democratic primary. The Democratic congressional field has been muddled for several weeks because of the continued silence of Mr. Dixon relative to the action he would take. Because of his organization which was built up after fourteen consecutive years of service in the house of representatives, Mr. Dixon occupied a strategic position in that some aspirants hesitated to fight his organization and therefore, withheld an-

## ADOPTED SON OF VICE- PRESIDENT IS DEAD

**Morrison Marshall, Aged Three,  
Succumbs to Excess of Acid  
in the Blood.**

By United Press

Washington, February 26.—Morrison Marshall, adopted son of Vice-President Marshall, died at 6:35 a. m. today.

The child, age a little more than three years, succumbed to an excess of acid in the blood, despite the effort of specialists at the John Hopkins Hospital to save him.

Vice-President and Mrs. Marshall were at the bed side when the end came. The vice-president cancelled all his speaking engagements and rushed down to Washington when the baby's illness developed. Everything possible was done to save the child but throughout the night he drifted closer and closer to the brink.

About two years ago, Morrison was taken into the home of the Marshalls. There were no formal adoption proceedings but the baby's family consented to let the vice-president regard him as his own.

## DIVISION CHIEFS PREPARE OFFICE

**Maintenance and Construction En-  
gineers Will Begin Work Here  
About First of March.**

### REPAIR OF SEVERAL ROADS

**Highway Commission About Ready to  
Take Over Control of the Main  
Market Roads.**

W. K. O'Neill, who has been appointed resident engineer of maintenance of the Seymour district of the state highway commission, was in the city today preparing to open his office in the city building about March 1. B. R. McBride, who will be engineer of construction of this district, was here several days ago arranging for his part of the work. While some of the same territory in southern and southeastern Indiana is included in the two districts the divisions are not the same. However, as both district offices will be located here the work will be of a co-operative nature.

Mr. O'Neill stated that the Seymour district of maintenance will be divided into five sub-divisions with a superintendent in charge of road repair work in each. There are about six hundred miles of main market highways in the district and each superintendent will be placed in charge of approximately 115 miles. Working under the superintendents

## CONFIRMATION OF COLBY MAY BE DELAYED BY SENATE

**Meanwhile He May Assume His  
Duties as Secretary of State.  
It is Reported.**

By United Press

Washington, Feb. 26.—Confirmation of Bainbridge Colby as secretary of state may be delayed by the senate, it was apparent today. Meanwhile, however, there will be nothing to prevent him taking up his duties.

His confirmation must wait until after the senate foreign relations committee has passed upon his qualifications, members of the committee said today. It will be some time before this investigation can be started because Chairman Lodge of the committee is now engaged in the treaty fight and other members are absent for indefinite periods.

## LODGE DEMANDS TREATY DECISION

**Republican Senate Leader Says  
There Must be no Further Side-  
tracking of Issue.**

### TO SUBMIT AMENDMENTS

**Program is for Senate to Vote on  
Reservations as They Are Pre-  
sented—Objection Voiced.**

By United Press

Washington, February 26—Resuming its interrupted discussion of the peace treaty, the senate expected to hear another attack on the league of nations by Senator Reed, Missouri.

Under notice given by Senator Lodge, there is to be no further side-tracking of the treaty until it has been ratified or definitely rejected. Lodge plans to carry out his original program of submitting one by one his proposed amendments to various reservations and having the senate vote on them as rapidly as possible.

The withdrawal reservation was voted on last Saturday. The next to which Lodge has offered an amendment is the domestic question. The amendment reservation is for the United States control of all purely domestic questions, including commerce and tariffs.

Some objection may be voiced to carrying out the Lodge program. Consideration of article 10 reservation would be the quickest way to bring about a show down Senator Hitchcock and others think.

The senate today adopted a motion by Senator Lodge to postpone discussion of the reservation in article 10 of the league of nations covenant until all other reservations have been disposed of. Senator France, of Maryland, introduced a resolution which he said would provide for a referendum in the coming election on the league by providing that unless a pro-league president is elected the war shall be declared terminated and an international conference be called to settle world affairs.

Announcements have been received of the birth of a daughter, Margaret Sara, to Mr. and Mrs. Howard H. Alverson, Ithaca, Mich., February 20. They formerly lived in this city and Mr. Alverson was employed as a traveling salesman with the Union Hardware Company.

Mrs. Ida Gray returned to her home in Brownstown this morning after spending a few days with Mrs. James Goss, who recently underwent an operation at the Schneek Memorial hospital, and Mr. and Mrs. James Gray.

Mrs. Joseph Hirtzel, Jr., was hostess to the members of the Stitch and Chatter Club Wednesday afternoon at her home on Indianapolis Avenue. Mrs. Henry Moritz and Mrs. James Weaver were guests at the meeting.

Archie Foist, who has been ill with pneumonia at the home of Roy Nicholson, east of the city, was able to be taken to his home in Redding township, today.

A daughter, Lois Catherine, was born this morning to Mr. and Mrs. John Hall. Mrs. Hall, before her marriage, was Miss Agnes Windhorst.

The condition of John Klein, who is seriously ill at his home on North Chestnut street, is improved today. His son, Robert, who has been ill, is also better.

## PRESIDENT ASKED TO VETO RAIL BILL

**Railroad Unions and Farmers' Na-  
tional Council Present Mem-  
orials to Tumulty.**

### OBJECTION TO LABOR CLAUSE

**Road Executives Making Last Min-  
ute Preparations for Return  
of Properties.**

By United Press

Washington, February 26—The Railroad unions and the Farmers' national council today asked President Wilson to veto the railroad bill.

A delegation of fifteen union heads called at the White House and left with Secretary Tumulty a resolution adopted by railroad labor representatives who have been in session here for several days, requesting that President Wilson send the bill back to congress without his approval.

The farmers' spokesman handed Tumulty a memorial addressed to the President urging that he veto the measure. Meanwhile the railroad executives were rushing last minutes preparations to assume control of their properties.

Much speculation is being indulged in as to what course the President will take. Labor leaders are laying plans to make the railroad issue a issue in the coming campaign if the President signs the bill.

Many leaders today had given up hope that the President would veto it. This belief was expressed privately by the leaders. They regard their memorial as a public protest putting labor on record against the bill. The union resolutions objected to the labor provision and those guaranteeing financial return to the railroads.

The wage tribunal authorized to consider disputes along the subject of controversy between the union men and the railroad administration, will, the employees fear, compel them to submit to "indefinite and unreasonable delays" in settlement.

## G. O. P. CENTRAL COMMITTEE ABSENT FROM MEETING

**Bush and Toner Decline to Attend  
Conference Called by  
Governor Goodrich.**

By United Press

Indianapolis, February 26—The Republican state central committee today announced it would not attend a conference with Governor Goodrich this afternoon to which it had been invited for the purpose of considering plans for the proposed special session of the legislature. Edgar D. Bush and Ed Honer, candidates for the Republican nomination for Governor, also announced they would not attend the meeting. Warren McCray, and J. W. Fesler, also gubernatorial aspirants, said they would attend the session. Beside McCray and Fesler other candidates for state offices are planning to attend Governor Goodrich's conference. Neither Bush nor Toner gave any reason for not attending the meeting.

One of the subjects of the meeting today was reported to be to obtain assurances from some members of the legislature that they would act speedily upon pressing legislation. Among the more important possible legislation to be taken up at today's meeting was:

A blue sky bill; Revision of the state tax law; a child labor law; revision of the county unit and highway laws; consideration of a state memorial; a bill providing methods of polling the new women voters; a bill to provide for handling increased numbers of voters; and salaries of county commissioners and school teachers.

### Burial at Pea Ridge.

The body of Mrs. Jane Lett, aged woman who died at the Schneek Memorial hospital Wednesday, was taken to the Pea Ridge cemetery, in Carr township, this morning for burial. The deceased has no near relatives living. She spent the greater part of her life in the Pea Ridge neighborhood.

## Scientific Service

When sickness comes to your home, you would not seek the services of a physician because he was cheap. You would want him because he could render the scientific service necessary to fill the need of your immediate case.

When your eyes are in need of help, don't you think it is much safer to place your case in the hands of a reliable optometrist—one who places the examining of the eyes on a scientific basis, than it is to employ the services of one who places the fitting of glasses on a merchandise basis—one who offers his work at a reduced price?

After all, if you only stop to realize the situation, glasses will be only as successful in accomplishing their purpose as the skill of the one who has prescribed them.

### Obituary.

Clyde C. McGowan, son of W. T. McGowan and Sarah M. McGowan, was born at Kokomo, Ind., April 15th, 1884. He became a member of the Christian church at North Vernon when he was ten years old, and was a faithful member of his church, Sunday School and Christian Endeavor Society, taking an active part of the church activities and playing a cornet in the church choir.

At the age of 17 years he became a telegraph operator on the Baltimore and Ohio R. R. in whose service he remained until his death. For the last 12 years of this time he was a train dispatcher at Seymour and at the time of his appointment was the youngest man to be assigned to a position of such responsibility.

He was married July 6, 1911 to Emma Shade of Seymour where they and their daughter Arleen have since resided.

He was a man who made many friends and was respected and esteemed by all who knew him whether in a personal or a business association.

He died Feb. 23, 1920 after a short illness from pneumonia. He is survived by his wife, Emma McGowan, daughter Arleen McGowan, mother, Mrs. Sarah M. McGowan, father, W. T. McGowan and sister, Daisy M. Turner.

His untimely death comes as a great shock not only to his family and relatives, but also to a host of friends who join with them in their sorrow and in the consolation of the memory of his love and friendship.

### ELSNER EXPECTED TO GET INTO RACE

(Continued from first page)

announcement until Dixon's course was definitely known.

Since Mr. Dixon will not be a candidate it is expected that R. A. Canfield, of Versailles, may also enter the Democratic race. It is generally presumed that the old Dixon organization will get behind Mr. Elsner in case he makes the race.

Mr. Elsner would enter the race with a wide acquaintance among Democrats in the Fourth district. He has served two terms in the Indiana senate and for several years has been Democrat-

ic floor leader in that body. His work in the state legislature has brought him in touch with the Democratic political leaders of the district and state.

It was reported here late Wednesday that Mr. Dixon would likely withdraw, but that definite announcement would not come for several days. However, a North Vernon dispatch to the Indianapolis Star today says that the former congressman has definitely made up his mind to withdraw.

### The dispatch reads:

"Former Representative Lincoln Dixon of this city this afternoon mailed a number of letters to his friends over the district announcing that he would not be a candidate for the Democratic nomination for Congress from the Fourth District at the May primaries. For some time it has been the belief over the dis-

trict that Dixon would enter the race and although repeated efforts have been made by friends to get an expression from him, Dixon has remained silent until today. Mr. Dixon left this afternoon for an extended stay in Washington, D. C."

Two other candidates are already in the race. Clarence E. Custer, of Columbus, and Dr. J. A. Craig, of Franklin, announced several months

ago as candidates in the Democratic primary.

## Her Bank Account

A good old joke is told of the woman who, when asked by the banker to indorse her husband's check so it could be cashed, wrote on the back: "I heartily indorse this check. Your loving wife, Mary." Whether that incident is true or not, it happens frequently in real life that some woman, left alone by her husband's absence or death, finds herself in woeful ignorance of how to manage her money affairs. Thoughtful farmers and other business men these days are opening bank accounts for their wives—as told in a splendid article in the next issue of

### Big Bargains in Pants

We have received a large shipment of men's and boys' work pants, which we offer at exceptionally low prices. We bought this lot as Seconds, that is some of them have slight blemishes—so small that you cannot find them—but they will give the same wear as those which cost twice as much as we are selling them. We were able to buy this lot at 50 cents on the dollar and are selling them at the same big discount. The shipment consists of heavy corduroys, moleskins, khaki and Kentucky jeans—the pants that wear like iron.

## “Ask the Town That Has One”

**M**ORE than 1,000 progressive towns and cities have modern Chambers of Commerce. They have so successfully passed the test of experience that they not only receive more and more support year after year from the most substantial citizens, but they have become indispensable factors in many communities. North Vernon, Vincennes, Sullivan, Franklin, Columbus—ask them what they think of their Chambers of Commerce with Trained Secretaries, and the answer will be found in the fact that they put more and more money into their organizations each year—and get tremendously more out of them than they put in.

Seymour has the most advantageous location in Southern Indiana. She has her full share of broad-visioned men. Such men can be held together only in worth-while organizations that accomplish results. Regardless of natural advantage, Seymour cannot prosper as she should until her substantial citizens are able to co-operate and push forward systematically under Trained Leadership.

A new day of City Building is dawning. It is Seymour's Opportunity. Big men will neither lead nor follow the old type of “wind-jammin’, resolutin’ organization” because they have no time for such inefficiency. Far-sighted men will not be content to plod along with those who CAN'T or WON'T SEE. Seymour has already lost scores of young men who are winning success in other communities.

## Tomorrow

the citizens of Seymour will decide whether they want a Modern Chamber of Commerce. Team-work will put the Big Idea across and Seymour will take the step that has been so tremendously worth-while in so many other cities. Where will Seymour be in 1925?

DO ALL MY

HOUSEWORK

Before I took Lydia E. Pinkham's Vegetable Compound

I could hardly stand, says Mrs. Kwarcinski.

Chicago, Ill.—"I suffered with displacement and irregularities and I did not know what to do. My mother advised me to take Lydia E. Pinkham's Vegetable Compound and use the Sanative Wash so I took her advice and used these remedies and cured myself. I feel fine and do all my housework which I could not do before, as I could hardly stand up and I have three healthy children. You can use this letter if you wish, for your remedy is certainly wonderful for sick, run down women."

Mrs. A. KWARCINSKI, 3627 W. Oakdale Ave., Chicago, Ill.

For forty years Lydia E. Pinkham's Vegetable Compound has been making women strong and well, relieving backache, nervousness, ulceration, and inflammation, weakness, displacements, irregularities and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Women who suffer are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. It is free and always helpful.

The roads which are designated as state market highways will be marked for the convenience of travelers. A simplified form of markers will be used. The signs placed by the highway commission will be miniature maps of the state of Indiana and the number of the roads marked in large figures. The signs will be placed every half mile with additional markers at curves and intersections. Bridges and culverts coming under the supervision of the highway commission will be kept painted at all times, a special force of men being engaged in this work.

Mr. O'Neill said that he had not decided relative to the gravel to be used in repair work. Wherever possible, he said, local gravel would be used, but it will be thoroughly washed. Where stone is available crushers operated by small tractors will be used. In some places gravel pits may be opened by the department, and the "floating gang" will be used to haul it in large trucks to various places within a reasonable distance where extensive repairs are to be made. This form of distribution will also place sufficient repair material within close reach of the patrolmen.

about ten or fifteen miles of roads each. Each patrolman will have at least one helper.

The motor equipment for the local maintenance department will consist of about forty-two ton trucks. Each patrolman will be given a truck. In addition there will be a "floating gang" which will do heavy repair or rebuilding work in any part of the district which the engineer may direct. This gang will have its own motor equipment.

The maintenance department will be responsible for the condition of

roads which are taken over by the highway commission and which will not be improved with concrete at once, as well as those which are permanently improved. Many of the gravel roads in this part of the state are in bad condition and will require considerable work. Mr. O'Neill said that several roads had already been brought to his attention and that the work would start soon after March 1. He expects to appoint his superintendents and patrolmen within the next week so they can be called here for a general conference before the

## To Think Right You Must Be Informed

You can not perform your duties as a citizen of this country unless you think right; you can not think right unless you are fully informed; you can not be fully informed unless you read a daily newspaper.

Granted that it is your duty to read a daily newspaper, it is also your duty to read the paper that will give you the most news. This paper is The Indianapolis Star—known far and wide for its fairness in handling political news.

You shouldn't miss a single issue. You will unless you give me your order regularly, for The Star sends me only the number of papers I can sell.

Take The Sunday Star, for example. I have to place my order Thursday for the comics and magazines are printed in advance. Last Sunday, I had to disappoint a number of people. One man "bawled" me out. I know you agree with me he alone was to blame—he should have ordered in advance.

I will gladly serve you if given the opportunity.

Black Silk Stove Polish is different. It does not dry out; it does not leave a sticky residue. It does not rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. It isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.

Use Black Silk Air Drying Enamel on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tin-ware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

is north of the Baltimore & Ohio railroad shall be designated as north and all that part of city south of said railroad shall be designated as south. All that part of the city that is east of the Pennsylvania railroad shall be designated as east and all that part of the city west of Pennsylvania railroad shall be designated west.

The numbering of the houses shall begin at the railroads and each block shall represent the multiple of one hundred. Even numbers will be on the right side of each street as the numbers advance beginning at the railroads. Each twenty-five foot frontage shall represent a number. Property-owners can obtain the correct number for their houses from the city civil engineer or street commissioner.

Eugene Ireland, chairman of the council sewer committee filed a report with the council which recommended that the city accept the offer made by the Charles A. Hurd engineering firm of Indianapolis, for plans and specifications for the proposed sewerage system.

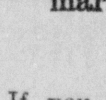

**ASPIRIN IS SAFE WHEN GENUINE**

Take tablets without fear, if marked with the safety "Bayer Cross."

If you want the true, world-famous Aspirin, as prescribed by physicians for over eighteen years, you must ask for "Bayer Tablets of Aspirin."

The "Bayer Cross" is stamped on each tablet and appears on each package for your protection against imitations.

In each package of "Bayer Tablets of Aspirin" are safe and proper directions for Colds, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis, and for Pain in general. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

posed sewerage system. The committee and John M. Lewis, city attorney, were instructed to draw up a contract specifying the agreement proposed by the engineer in order to get his proposition in writing. The committee and city attorney will meet as soon as possible to take up the matter. The committee appointed to investigate the drainage condition on Central avenue was given an extension of time to file its report on account of the illness of William Buse, one of the members. Councilman Emery, a member of the committee, stated that in his opinion it would be best to postpone action on the Central avenue condition until it was definitely decided about the new sewerage system. It is pointed out that it will be a big expense to remedy the sewerage system along that street and that it would be a useless one providing the new sewerage system is installed in the city in the near future.

The city clerk read a letter to the council from the division engineer of the Baltimore & Ohio railroad requesting that that city have the ditch running along the railroad track east of O'Brien street cleaned out. The matter was continued until further investigation can be made as it is the opinion of the councilmen that the cleaning of the sewer would be up to the railroad company inasmuch as it runs along its right of way.

Councilman Emery called the council's attention to the fact that a channel plate between the inter-urban track near Chestnut and Bruce streets is out of place which might result in a serious accident to an automobile or vehicle. City Attorney Lewis stated that in case of an accident the city would not be subject to a damage suit but that the traction company would be responsible. The city clerk was instructed to notify the company officials to make the necessary repairs.

The ordinance prohibiting chickens and dogs from running at large was discussed by the council. The police were instructed to see that the ordinances are enforced.

The council ordered that the sanitary officer see that the ash and garbage haulers get to work cleaning up the Fourth and Fifth wards at once. The following claims were allowed after which the council adjourned:

**CHALMERS**

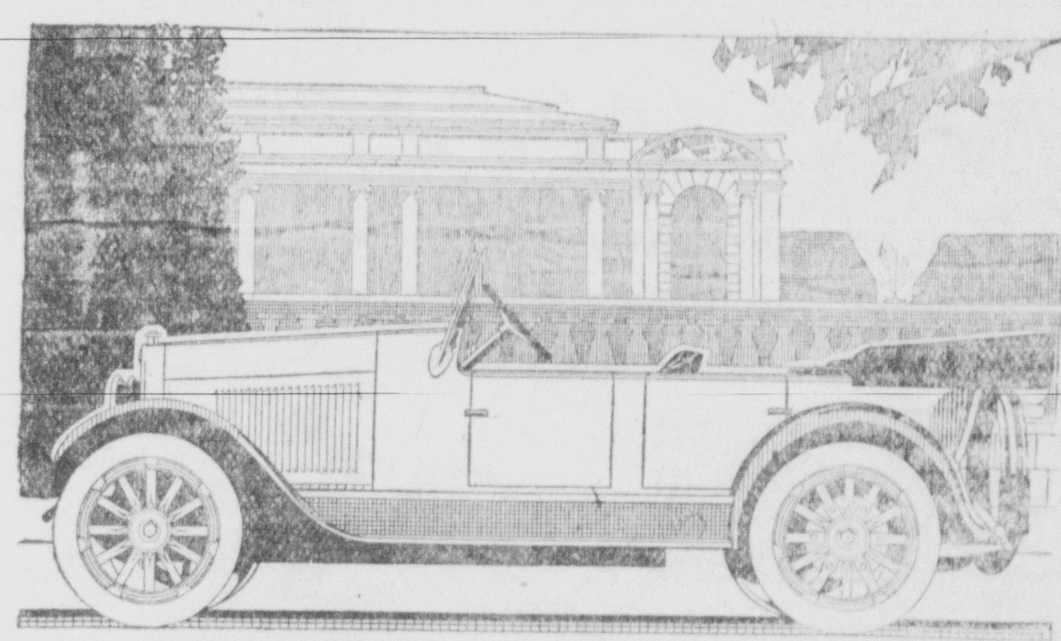

**EVERYTHING** in this Chalmers is new except the chassis. It has a new bonnet line, new coach line, new windshield, new top, new seat and seat springs.

They catch your eye, those lines, though they are marked by a reserve of rare good taste.

But in those multitudes of little details the real elegance is expressed—door handles, square doors, low sitting position, deep tilt of the cushions, the rug on the tonneau floor.

A volume easily may be written about them, and any one of them may alone tempt you to ownership.

Then when you've had your first ride, when you've felt the influence that Hot Spot and Ram's-horn have on the action of its master engine, when you've noted the utter silence, easy starting, the ready response, the easy effort "up underneath the bonnet" you, too, will say Chalmers is one of the few great cars of the world.

**MILLIONS Suffer from Acid-Stomach**

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Bloating, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptoms of acid stomach—indigestion, heartburn, belching, food repeating, that awful painful bloated after eating, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—they taste good—you eat them like a bit of candy. Your druggist has EATONIC—50 cents for a big box. Get a box from him today and if you are not satisfied he will refund your money.

## When You Buy Poultry Feeds

Don't make it guess-work. You can eliminate the risk by our iron-clad guarantee. The money paid for Purina Chicken Chowder will be refunded if hens, when fed Purina Chicken Chowder with Purina Scratch Feed—the perfect balance for laying hens—as directed, do not lay more eggs than when fed with any other ration.

**MORE EGGS**  
ON  
**MONEY BACK**  
GUARANTEED

Most hens get too much grain, a large part of which goes into surplus yolks, which the hen absorbs. This makes the hen too fat and cuts down egg production. 100 lbs. of wheat, corn, oats and barley contain elements for 224 yolks, but only 154 whites. The feed of a laying hen should supply elements for both whites and yolks in equal quantity. Purina rations are rightly balanced. Based on Experiment Station tests, Purina Feeds contain the following:

Elements for	Yolks	Whites
Purina Scratch Feed	247.49	142.11
Purina Chicken Chowder	182.05	282.55
Combined Ratio	429.54	424.66

Note the larger number and almost equal proportion of whites and yolks in the Purina balanced ration. Purina feeds are scientifically mixed and insure results. In Checkerboard Bag.

## HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

## WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, enemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

## 50 Years Ago

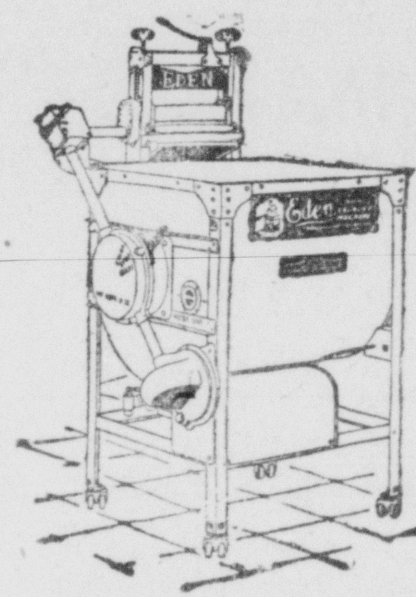

a young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. He finally made up his mind to place some of his treatments before the entire United States and, moving to Buffalo, he put up what he called his Favorite Prescription, and placed it with the druggists in every state in the Union.

That was fifty years ago this winter. For fifty years this Favorite Prescription of Dr. Pierce has sold more largely throughout the

United States than any other medicine of like character. It's the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women are prone to.

For over fifty years some of Dr. Pierce's home medicines have been selling over the drug counters, so that more than forty-eight million bottles have been sold during that time. This speaks well for the reliability and value of Dr. Pierce's standard home remedies. Dr. Pierce's Golden Medical Discovery is a blood tonic and strength-builder which contains no alcohol, yet has tonic qualities that have endeared it to the American public. Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap, have long been considered the best vegetable laxative, in the same way that Dr. Pierce's Favorite Prescription has long been known as the best tonic for diseases peculiar to womankind. More recently that wonderful discovery of Dr. Pierce's—namely, Anuric (anti-uric-acid), has been successfully used by many thousands of people who write Dr. Pierce in unqualified terms of the benefits received—that their backache and other symptoms of kidney trouble have been completely conquered by the use of Anuric.
